To AG Kawamura

Secretary
Cal. Dep of Food & Ag,

Many dairmen are in dire strates and need a average cost of production floor.
Your department does cost studies now so there would be no add cost for the state.
If the dairymen do not recieve this floor you will soon not have a adigite supply.
We have one 7th of the lowest price in nation.
and this is not right not only not right, but ~~imoral~~ immoral

Thank you Orland Dairymen
