SUBJECT: Registered Service Agency and Agent Information

We are pleased to announce improvements to the Registered Service Agency information on our website!

Until recently, information on Registered Service Agencies and Licensed Agents was available on the Division's website only in portable document format. This form of presentation was read-only and limited in its usefulness.

We have recently improved the way the information is presented and, in addition to listing agencies and agents, we have added agencies' branch locations and the device types they service.

These lists are now provided in Microsoft Excel format to allow users to sort data alphabetically, numerically, and/or chronologically. The lists are available at http://www.cdffa.ca.gov/dms/InfoGuides/RSA_Listings.htm and the instructions to download the information and sort are included on the website.

If you have any questions, please contact Ken Lake, Program Supervisor, at (916) 229-3047.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Cleary".
