**SUBJECT: Public Scale Database on the Division of Measurement Standards' Web Site**

The Division of Measurement Standards (DMS) has developed a public scale database that is available on the internet for use by all of our external customers. The database enables the public to find public scale locations throughout the state of California. The locations are listed on a map of California by county name and number and also listed alphabetically by county number.

The newly developed database can be accessed through the DMS website at <http://www.cdfa.ca.gov/dms/PublicScales/PublicScales.htm>.

If you have any questions or concerns regarding the above, please contact Ronald Flores, Program Supervisor, via email [rflores@cdfa.ca.gov](mailto:rflores@cdfa.ca.gov) or by phone at (916) 229-3045.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Cleary".

Mike Cleary  
Director
