IDENTIFICATION WORD JUMBLE

There are different things that you can do to help get your pet back home. Sometimes in a natural disaster like a wildfire, earthquake, flood or another disaster you might get separated from your pet. A pet can run away in a natural disaster and not because they don't want to be with you but because they get scared. A collar with an ID tag, air tag, QR code tags and a recent pet photo are some ways to find your pet. There is one missing item that can also help.

Unscramble the words by finding the letters in each line. Place those letters in the numbered lines to find the missing thing at the end of this sheet.
