APPLICATION FOR DESIGNATION AS AN APPROVED FEEDLOT

I/We, hereby request approval of

_____ (Feedlot Name) _____ (Premises ID)

at _____ (Address) _____ (City) _____ (County) _____ (State) _____ (Zip)

as an approved feedlot for feeding terminal cattle as defined in 9 CFR 77.5

Approved feedlot. A confined area approved jointly by the State Animal Health official and the USDA/APHIS VS Administrator for feeding cattle and bison for slaughter, with no provisions for pasturing or grazing.

I/We, do hereby agree to:

1. Maintain adequate procedures to account for all animals entering and leaving the feedlot.
2. Feedlots shall be approved annually with inspection reports.
3. No breeding animals shall be allowed in the feedlot.
4. The feedlot shall be maintained for finish feeding of animals in drylot.
5. All animals leaving the feedlot must go directly to slaughter or directly to another approved feedlot.
6. Cattle from out of state that fail to meet California's entry requirements for general movement may be permitted to approved feedlots.
7. Animals originating in any herd in any area in California may be consigned directly to an approved feedlot.
8. Animals consigned to an approved feedlot shall not be diverted en route for any other purpose.
9. **All animals shall be permanently identified with official identification applied either prior to entering the feedlot or, with an Approved Tagging Site agreement, during processing.**
10. CDFA/USDA personnel shall periodically inspect the facilities, the restricted cattle and review all associated records.
11. Feedlot personnel shall maintain all cattle movement records for a minimum of five (5) years.
12. If a currently Registered Feedlot (as defined in California Food and Agricultural Code Section 20015) elects to also become an Approved Feedlot, the prohibition to pasture (or graze) feeder cattle replaces the pasture feeding allowance as a Registered Feedlot.

I have read, understand and agree to the above provisions.
