December 23, 2025

F2025-05

TO: All Fair CEOs & Accounting Staff

SUBJECT: 2025 Statement of Operations

We are pleased to release the 2025 Statement of Operations (STOP) instruction package. Please read the enclosed instructions prior to submitting your STOP. All documents are available on the Fairs & Expositions' (F&E) website at [www.cdfa.ca.gov/FairsAndExpositions](http://www.cdfa.ca.gov/FairsAndExpositions).

The submission of an annual STOP maintains the fairgrounds' eligibility to receive funds and is a requirement if the fairground is utilizing state assets (FAC 3212). Furthermore, the financial information in the STOP for the District Agricultural Associations (DAAs) is compiled into a set of financial statements and submitted to the State Controller's Office (SCO) for the Annual Comprehensive Financial Report (ACFR). The ACFR is a set of governmental financial statements comprising the financial report of the State of California.

### **Submittal Deadline**

The STOP must be submitted to F&E by **Monday, March 30, 2026**.

### **GASB 87 and GASB 96 Reporting Requirements**

GASB 87 (Accounting for Leases) and GASB 96 (Accounting for Subscription-Based Information Technology Arrangements) are effective for fiscal years beginning after June 15, 2021 and June 15, 2022, respectively. Please work with your auditor to determine whether the reporting requirement for leased assets and subscription-based information technology arrangements are applicable.

### **GASB 68 and GASB 75 Reporting Requirements**

GASB 68 (Accounting and Financial Reporting for Pensions) and GASB 75 (Accounting and Financial Reporting for Postemployment Benefits Other Than Pension Plans / OPEB) are effective for fiscal years beginning after June 15, 2014, and June 15, 2017, respectively. If your fair has any reportable pension or OPEB liabilities, then they should be reported on the STOP.

**For DAAs:** To book GASB 68 and GASB 75 adjustments, DAAs require information provided by F&E. If the GASB 68 and/or GASB 75 information with a measurement date of June 30, 2024, is made available prior to March 30, 2026, you will be required to submit a STOP with the additional GASB information included in the submission.

Please note that regardless of whether the 2025 STOP includes the GASB 68 or GASB 75 adjustments pertaining to the measurement date of June 30, 2024, your auditor will most likely recommend that these adjustments be made to your financial records when the relevant information is made available.

If you have any questions regarding this package, please contact Joji Kume by email at [joji.kume@cdfa.ca.gov](mailto:joji.kume@cdfa.ca.gov) or by phone at 916-708-8246.

# SCHEDULES

---

The following schedules are part of the completed STOP package:

## **Schedule 1 - Statement of Financial Condition**

The Statement of Financial Condition reflects all asset, liability, and net resources (i.e., reserve) account balances after the revenue and expenditure accounts are closed for 2025. In other words, the details of the post-closing trial balance are summarized and recorded on this schedule.

## **Schedule 4 - 2025 Fair Statistics**

Please include all line item details requested, including free attendance breakdown and pass information. The total paid admission must agree with the amount reported on page 2, Account 41000. If necessary, attach and label additional pages and be sure to note "See attachments" and record totals on the schedule where indicated.

## **Schedule 6 - Permanent Positions on Payroll for 2025**

Please provide the information requested, including account number, class title, number of months employed, pay rate, and compensated leave liability for each permanent position. District Agricultural Associations should use the exact civil service class title.

## **Schedule 7 – Capital Assets Acquisitions & Dispositions**

This form is designed to capture all capital asset acquisitions and dispositions during 2025 and provides the year-end amount of investment in capital assets. For step-by-step instructions on completing this form, please see Exhibit I to this preparation guide.

Note that "Construction in Progress" (CIP) is used to record capital expenditures for projects that are "in progress" and not yet complete. While CIP is an asset account and increases the Fair's investment in capital assets, depreciation of the assets does not commence until the project is fully completed and CIP is reclassified to appropriate capital asset account.

## **Schedule 9A – Employer's Share of Contributions towards Pension Plan (Only Required by DAAs)**

This schedule is designed to identify the monthly contribution of the employer's share of the contribution made towards the pension plan. The dates for the contributions are for 18 months starting on July 1, 2024 to December 31, 2025.

## **Schedule 9B – Employer’s Share of Contributions towards OPEB Plan (Only Required by DAAs)**

This schedule is designed to identify the monthly contribution of the employer’s share of the contribution made towards the OPEB plan. The dates for the contributions are for 18 months starting on July 1, 2024 to December 31, 2025.

## **Schedule 10A – Lessor Breakdown of Receipts/Receivables by Time Period (Only Required by DAAs with reportable accounts under GASB 87)**

This schedule is designed to provide lease receivable breakouts between principal payments and interest payments for reportable accounts under GASB 87 (Lease Accounting) by year(s).

## **Schedule 10B – Lessee Breakdown of Payments/Payables by Time Period (Only Required by DAAs with reportable accounts under GASB 87)**

This schedule is designed to provide lease payable breakouts between principal payments and interest payments for reportable accounts under GASB 87 (Lease Accounting) by year(s).
