Funding Information

Total Program Funding

\$150,000,000.00

Funding Sources

State

Funding Source Description

The Budget Act of 2021 appropriated a one-time General Fund allocation of \$150 million for fairground and community resilience centers. Of the total amount appropriated to CDFFA, \$38 million will be awarded to community resilience centers to support infrastructure for emergency evacuation, shelter, base camps during emergency events, and critical deferred maintenance. Elements for this infrastructure may include cooling and heating centers, clean air centers, and extended emergency evacuation response centers, equipped with community kitchens, shower facilities, broadband, back-up power, and other community needs during an emergency or climate events.

Project Proposal (30 points total)

Proposal Name

Grant Amount Requested (Minimum of \$5,000,000)

1. Provide a description of the proposed project area/location, specifically if serving disadvantaged communities and disadvantaged unincorporated communities. Include population size/reach and demographic information (e.g., populations, race/ethnicity, and income). Additionally, describe the process used to select the project area. (10 points)

2. Provide a detailed description of the proposed project. The work plan must include clear timelines, discrete tasks, and detailed deliverables to demonstrate the Applicant's readiness and capacity to implement the proposed project on time and within budget. (15 points)

Please submit complete pre-development work i.e., plans/designs, if available. Projects will be reviewed for completion and feasibility.

3. Provide a description of how the proposed project aligns with the Community Resilience Centers Program's objectives and priorities. (5 points)

Project Budget (10 points total)

Please complete the budget template below and provide a narrative of how the project budget aligns with the proposed goals and objectives, activities, and timelines. (10 points)

Project Budget Template

CRC Project Budget Template.xlsx

Complete Project Budget

Community Need/Benefit (20 Points)

1. Describe the community's needs, including the public health, environmental, and economic challenges facing the project area. Provide examples of existing barriers the community is facing in their ability to access climate resilience resources. (5 Points)

2. Describe how the proposed project will enhance the state's emergency preparedness capabilities, particularly in response to climate change, both short-term and long-term. (5 Points)

3. Describe how the proposed project will offer comprehensive, multi-benefit, and holistic projects that support year-round community services and activities, with sustained benefits beyond emergency/evacuation events. In addition, provide a plan to advance workforce development program within the community using the resilience center. (5 Points)

4. Describe how the proposed project will serve the residents of their communities within one year of project completion. (5 Points)

Applicant's Financial and Management Capacity (30 Points)

1. Provide a description and appropriate financial documents to demonstrate the experience, financial stability, and capacity to manage program funds. (5 Points)
2. Demonstrate organizational capacity to implement the CRC program proposal and serve the residents of their communities within one year of project completion. (5 Points)
3. To meet program requirements, describe how the proposed project will be used and maintained for a minimum of 10 years. (5 Points)
4. Financial Documents: Please submit financial documents to determine the applicant's financial capacity to successfully complete the awarded project within the three-year Agreement term. Financial documents include financial audit/review, and/or financial compilation, i.e., balance sheets, income statements, statements of cash flow, and tax returns. (15 Points)

Letters of Support/Recommendation (10 Points)

Letters Of Support/Recommendation: Please submit three (3) letters of support/recommendation from community decision makers/leaders to demonstrate strong partnerships with their communities. The documented engagement should include community-identified climate resiliency needs, with a focus on engagement conducted with disadvantaged and disadvantaged unincorporated communities. (10 Points)
