General Information

Purpose
The 2013 Specialty Crop Block Grant Program (SCBGP) Grant Management Procedures Manual (GMP) is designed to provide direction to Grant Recipients (Recipients) for the successful management of SCBGP Federally funded projects. The GMP identifies the roles and responsibilities of all parties, and describes the processes and procedures required by the terms and conditions in the Grant Agreement.

General Responsibilities

Federal Funds Management Office

The California Department of Food and Agriculture (CDFA), Federal Funds Management Office (FFMO) manages the SCBGP Recipient Grant Agreements. The FFMO ensures Recipients are compliant with Federal and State statutes and regulations, grant terms and conditions, and reporting requirements. The FFMO also provides Recipients with technical assistance and consultation throughout the Grant Agreement term.

Grant Recipients

Recipients implement the Grant Agreement scope of work, and ensure terms and conditions and applicable statutes and regulations are followed, including all contractor/consultant activities. Recipients maintain an accounting system and efficient internal fiscal controls, and submit timely and accurate project activity and fiscal reports.

Assistance

Recipients should contact their assigned Grant Specialist for assistance with grant management.

Forms

Forms and templates referenced in this manual can be found at [www.cdfa.ca.gov/grants](http://www.cdfa.ca.gov/grants), 2013 Grant Awards & Resources, [Grant Recipient Resources](http://www.cdfa.ca.gov/grants).

Prior Approval Required

Prior approval is required from FFMO and/or USDA for the following:

- Revision of the scope of work, objectives, activities, milestones, dates, or deliverables
- Line item shifts
- Cumulative budget change of 20% or more
- Purchase of equipment
- International travel
- Contractor/Consultant rates in excess of GS-14, Step 10

The information required for a request for approval varies according to the type of approval sought. Please contact the assigned Grant Specialist for the information required for your situation.

Failure to obtain prior approval may result in unallowable costs.
Financial Management

Payment Methods
There are two payment methods for allowable costs incurred – advance payments and reimbursement payments.

Advance Payments
Recipients may be eligible to receive an advance payment to cover project expenditures. Requests must be submitted using the **Advance Payment Request** (APR) form. Subsequent APR’s will be denied until advance payments are liquidated. An advance payment to cover costs incurred during the final three months of the project is not allowed.

**Advance Payment Request Procedures:**
- Estimate the advance amount needed for a three-month period. Submit an APR and justification (e.g., cash flow issues).
- The State Controller’s Office issues advance payment checks. Upon receipt, funds must be deposited into a federally insured, interest-bearing account that provides the ability to track interest earned and withdrawals.
- Interest earned during a six-month period must be remitted to the CDFA, in the form of a check made payable to California Department of Food and Agriculture.

Reimbursement Payments
Recipients submit invoices to FFMO for reimbursement of actual expenditures. Invoices must be submitted at least quarterly, but not more frequently than monthly, in arrears. The quarterly periods are:
- Quarter 1: October 1 – December 31
- Quarter 2: January 1 – March 31
- Quarter 3: April 1 – June 30
- Quarter 4: July 1 – September 30

Invoices

When to Submit Invoices
Invoices are due no later than 30 calendar days after the quarterly or monthly invoice period, and are required regardless of whether or not project costs are incurred during the invoice period. Final invoices are due no later than 45 calendar days following the expiration date of the Grant Agreement term or after the project is complete, whichever comes first.

Completing an Invoice

Request for Reimbursement Invoice
The FFMO initiates each invoice cycle by generating an electronic invoice template. FFMO emails Recipients an invoice template with the Grant Agreement Number, Recipient Name, Project Title, Invoice Number, and the Project Budget entered. Recipients complete the following and return to FFMO:
- Make Check Payable to – Organization name and address
- Billing Period – Month/year when costs occurred
CALIFORNIA DEPARTMENT OF FOOD & AGRICULTURE
FEDERAL FUNDS MANAGEMENT OFFICE
2013 GRANT MANAGEMENT PROCEDURES MANUAL

- Invoice Date – Date invoice prepared
- Amount Requested – Dollar amount requested by line item
- Preparer’s Signature – Signature, phone number, email address of preparer and date prepared.
- Authorized Signature – Signature, phone number, email address of Project Director/Designee and date signed. The Authorized signatory must be different from the Preparer signatory.

No Expenditure Invoice

Recipient checks the “NO EXPENDITURES” box, signs, dates, and returns the invoice to the FFMO. No Expenditure invoices must be accompanied by an explanation why costs were not incurred during the billing period.

Advance Payment Invoice

Recipients follow the instructions for a Request for Reimbursement Invoice. The invoice template automatically calculates the amount to be paid less advance payments. FFMO adjusts the Less Advance amount each billing period until the advance is offset 100% by expenditures.

Final Invoice

Recipient marks “Final Invoice” in the Invoice Number area, indicating all payment obligations have been met and no further payments are due.

Withholds

Withhold Payment Notification

FFMO issues a Withhold Payment Notification (Notification) to delay payment of an invoice if there is an invoice discrepancy, unresolved audit finding, or late progress report. The Notification describes the reason for withholding payment and what actions, if any, may be required. Invoices are processed once all issues are resolved.

Withhold Pending Closeout

FFMO will withhold 10% of the Grant Agreement award until approval of the Final Performance Report, and/or resolution of any performance issues or audit findings.

Line Item Shift Request

Recipients are required to complete and submit to FFMO a Line Item Shift Request (LISR) when budget line items need to be adjusted. All un-shaded areas of the form should be completed.

- Enter the current approved budget values (these amounts should be taken from the most recent approved invoice, Project Budget column).
- Enter the amount of funds transferred from a budget line item as a negative by using brackets ( ), and the amount of funds transferred to a budget line item as a positive amount by using the plus sign “+”. The revised budget will automatically be calculated.
- The total project budget cannot be increased or decreased through this process.
- If Personal Services is decreased, the indirect budget line item must be decreased accordingly.
- If cumulative LISRs result in a budget change of 20% or more, USDA approval is required.
Compliance with Federal Requirements

Grant funds awarded to all organization types are subject to the Uniform Federal Assistance Regulations contained in the Code of Federal Regulations (CFR) at 7 CFR 3015 and provisions of Office of Management and Budget (OMB) Circular A-133 implemented in 7 CFR 3052.

The Uniform Administrative Requirements are regulations setting forth the administrative requirements for awarded grant funds. There is a set of Uniform Administrative Requirements for each organization type.

The Cost Principles are regulations used to determine allowable costs, and ensure consistent treatment of costs. There is a set of Cost Principles for determining allowable costs for each organization type.

Recipients are responsible for identifying the Federal regulations appropriate to their organization and for the consistent application of these regulations to the SCBGP grant funds. Recipients are responsible for ensuring their contractors/consultants comply with applicable Federal regulations.

Reasons for imposing special conditions include but are not limited to:

- Late invoices or progress reports
- Audit findings

Recipients will be advised in writing of the special conditions imposed and the reasons for imposing the special conditions.

### Closeout

Before the Grant Agreement is closed, FFMO will review the final performance report and invoice, and verify resolution of any project performance concerns or compliance audit findings. FFMO will withhold 10% of the Grant Agreement amount pending resolution of any issues. A closeout letter and final payment will be issued when resolution is completed.

*Closeout does not cancel property management, record retention or financial accountability requirements.*

### Property Management and Disposition

#### Property Records

Management and disposition of equipment purchased with or developed under a Grant Agreement is governed by 7 CFR 3015, 3016, and 3019, and 2 CFR 220, 225, 230, and 48 CFR 31.2. It is important to note these requirements remain in effect after the close of the Grant Agreement.

Recipients must maintain property records for equipment, including but not limited to a description of the equipment, a serial number or other identification number, identification of the Grant Agreement under which the equipment was acquired, the acquisition date, acquisition cost of the equipment, percentage of Federal participation in the cost of the equipment, the location, use and condition of the
equipment, and any ultimate disposition information including the date of disposal and sale price of the equipment.

**Disposition of Equipment**

If equipment purchased during the term of the grant has a fair market value of less than $5,000 at the close of the Grant Agreement, it is no longer considered equipment and is not subject to the federal regulations governing equipment. If the fair market value is $5,000 or more at the close of the Grant Agreement, the use, management, and disposition of the equipment is subject to federal regulations. These requirements apply until the fair market value of the equipment is $5,000 or less.

A Grant Specialist can provide guidance regarding disposition of equipment.

**Record Retention**

Retain financial records, project records, and supporting documents for a period of three years from the date the Grant Agreement is closed.

Records that must be retained include:

- Time sheets and records that reflect the actual hours worked by each employee;
- Actual expenditure invoices of direct costs charged to grant fund;
- Employee reimbursement claims including lodging, per diem and transportation receipts;
- Documentation supporting calculation or methodology to determine indirect costs;
- All other supporting documentation related to the Grant Agreement.
