**Appendix N Analysts Update  
 Quarter 2003**

You are required to report all changes in tanker screening personnel to the State. Please print answers to all questions. Moniker definitions are: CIS is a Certified Industry Supervisor, IS is an Industry Supervisor, IA is an Industry Analyst, LEO is Laboratory Evaluation Officer. If you have any questions regarding this questionnaire call Bruce Woodward or Kathy Ward at (916)-654-1030. Please return promptly with the Quarterly Bulk Raw Milk Tanker Residue Testing Report. If you change tests you must notify a LEO prior to use of the new test.
