**February 17, 2010**

# MINUTES

**MEMBERS**
Wayne Winslow, Vice Chairman
Gary Foster
Kelly Luth
Steve Mahrt
David Will

**CDFA**
Natalie Krout-Greenberg
Lisa Gonzalez
Tony Herrera
Stacey Hughes
Irene Vera

**INTERESTED PARTIES**
Gerald Brockman-USDA
Joseph Gray-Sonoma County
Debbie Murdock- Pacific Egg & Poultry Association
Mark Perigen, USDA
Arnie Riebli-Sunrise Farms
Neal Rye-Hidden Villa Ranch

## CALL TO ORDER

Vice Chairman Wayne Winslow called the Shell Egg Advisory Committee (SEAC) meeting to order and a quorum was established at 12:35 p.m. Mr. Michael Sencer (voting member), Ms. Nancy Sullivan (voting member), Mr. Richard Jenkins (alternate), Mr. Alan Armstrong (alternate) and Mr. Robert Atkins (non-voting) were not present at the meeting.

## APPROVAL OF MINUTES

Mr. Winslow asked the Committee to review the minutes of the June 30, 2009 meeting.

**MOTION:** A motion was made by Mr. Gary Foster to accept the minutes as presented. Mr. Kelly Luth seconded the motion. Motion passed unanimously.

## DEPARTMENT, DIVISION, AND BRANCH ANNOUNCEMENTS

Dr. Asif Maan was unable to attend the meeting, therefore, Ms. Natalie Krout-Greenberg reported on his behalf. She gave an update on the division and stated Mr. Nate Dechoretz has taken a position as Deputy Secretary with California Department of Food and Agriculture (CDFA). She also stated while he is in that position they are not filling his director position at this time. The department plans to rotate Inspection Services Branch Chiefs for four month intervals, before selecting a successor to Mr. Dechoretz.

Ms. Krout-Greenberg also stated that mandated furloughs will continue, through June 2010.

Ms. Krout-Greenberg also gave an update on the branch and stated that the branch is currently working on revamping the Feed, Fertilizer, Livestock Drugs, and Egg Regulatory Services (FFLDERS) database so that the industry can access it via the web. Once the FFLDERS database in complete, the branch will begin working on the Egg Quality Control Program (EQCP) database.

## WIRE BASKET REGISTERED BRAND LIST

Mr. Herrera presented the updated Wire Basket Registered Brand List. He asked the SEAC members to review the list and submit any changes to the EQCP at the next SEAC meeting.

## PROGRAM UPDATES

Mr. Herrera informed the SEAC about the four upcoming EQCP workshops that will cover laws and regulations for the state inspection program. The workshops will be held on April 7th at San Joaquin County Ag office, April 14th at Fresno County Ag office, April 20th at San Bernardino County Ag office, and April 22nd at Los Angeles County Ag office. The EQCP will be holding separate workshops for the federal shell egg surveillance in May. A final date will be announced at a later time.

Ms. Krout-Greenberg updated the SEAC on the changing and possible reclassification of positions within the branch. She stated the FFLDERS branch currently has 14 inspectors and investigators who cover the state for feed and fertilizer inspections. Opportunities may arise to utilize these resources and investigators from the FFLDERS to provide additional oversight where the EQCP needs to provide better coverage. The branch is looking into the possibility of reclassifying the district supervisors to a special investigator classification.

## ADDITIONAL ITEMS

### Labeling Requirements for Repacking Graded Shell Eggs

Mr. Gary Foster brought to the SEAC attention a letter from the EQCP regarding Labeling Requirements for Repacking Graded Shell Eggs that was sent out at the beginning of February 2009. The letter addressed the issue pertaining to graded shell eggs repacked as over-wrap shell eggs and how they must maintain the original lot information including the original Julian pack by date and sell by date. The only time the original Julian pack date and sell by date may be changed is when the shell eggs are re-graded. Re-grading shell eggs is interpreted as removing the eggs from the container and reprocessing them, which entails cleaning, re-candling, and re-sizing. Mr. Winslow stated that the issue with the letter is the interpretation of the term "re-grading".

Mr. Herrera acknowledged the SEAC concerns regarding the letter and stated he will send a second letter to the industry clarifying that the SEAC is working with the EQCP to draft regulation language that defines "repacked" and "re-graded" shell eggs.

The letter will also state that defining these terms will bring uniformity and a clearer understanding of how code dates and plant numbers are applied to out-of-state shell eggs intended for over-wrap at in-state packing facilities.

### AB 1437

Mr. Herrera provided SEAC with an update regarding AB 1437. Mr. Herrera stated several weeks ago CDFA met with Assemblyman Huffman who is sponsoring AB 1437.

AB 1437 is in response to proposition 2, which covers animal welfare. AB 1437 is proposing that all shell eggs produced in and out of states being sold in California meet animal welfare standards. Senator Huffman is asking for recommendation from CDFA on ways to support this bill. Mr. Herrera proposed that the EQCP could enforce a labeling statement indicating how the eggs were produced.

The label statement would be applied to the carton of eggs stating it meets animal welfare standards. Currently the egg handler registration forms ask each applicant whether their eggs are organic, free range or cage free. With expanded labeling statement requirements in place, the EQCP would have the authority to go in and out of states to audit registrants' compliance to the animal welfare carton statement.

**Committee Terms and Expiration Dates**

Mr. Herrera directed the SEAC to the Committee Members Term List and stated due to retirements and SEAC members resigning, all the SEAC member's terms expire in the same year. Mr. Herrera is asking for SEAC members to volunteer to have their terms expire in 2010 after two years, versus 2011 after three years.

The SEAC decided they would leave it up to the EQCP to choose three members and reduce their terms from 3 years to 2 years and set their terms to expire September 2010.

**NEXT MEETING**

The next SEAC budget subcommittee meeting will be held in June or July to go over the FY 11/12 budget. The exact date, location and time will be determined at a later time.

The next SEAC meeting date and time has not been determined yet, it will be announced at a later time.

**ADJOURN**

**MOTION:** A motion was made by Mr. Gary Foster adjourn the meeting. Mr. Steve Mahrt seconded the motion. The motion passed unanimously. The meeting was adjourned at 12:28 p.m.

Respectfully submitted by:

Anthony S. Herrera, Program Supervisor
Egg Quality Control Program
Feed, Fertilizer, Livestock Drugs and Egg Regulatory Services
