OAL File No. 2014-0402-03 C

This rulemaking action by the Department of Food and Agriculture certifies emergency action no. 2013-1125-03E, which amended the regulations governing the Equine Medication Monitoring Program (EMMP). These regulations will align with those of the United States Equine Federation (USEF), the national governing body for equestrian sports, which were recently amended to strengthen USEF's random drug testing standards. The amended rules include a new list of approved therapeutic medications and maximum detectable plasma levels, acceptable time frames for injection of medications, specific penalties for violation of the rules, and incorporation by reference of various forms.

OAL approves this regulatory action pursuant to section 11349.6(d) of the Government Code.
