

Innovative Strategies to Increase Food Security and Promote Equity

Please feel free to pose questions in the chat during the presentation.

We'll be hosting a Q&A at the end with questions pulled from the chat.

Today's Presenters:

Amanda Mascia

is the Hunger Free Kids Manager
at the San Diego Hunger Coalition

Sara Elazan

is the Director of Data Insights with the Center for Good Food
Purchasing which manages the Good Food Purchasing Program

Catherine Slomka MS, RD

is Director of Nutrition Services at
Oceanside Unified School District

Breakout Moderators

Deirdre Kleske - County of San Diego HHSA
Amanda Schultz Brochu - San Diego Hunger Coalition

Agenda

San Diego Hunger Coalition

- High level overview of food insecurity in CA & the role of school meals in addressing food insecurity
- Innovative strategies to increase food security and promote equity
 - Meals Count and CEP
 - After School/CACFP/Supper
 - Bulk Meal Kits

Center for Good Food Purchasing

- Intro to the Good Food Purchasing Program

Oceanside Unified School District

- Strategies for Good Food in Action

Food Insecurity Rates in California

Food Insecurity is a household-level economic and social condition of limited or uncertain access to adequate food. (USDA, 2020)

	All Californians %	Hispanic or Latino %	Black %	Asian %	White %
January 2021	22.8%	31.5%	27.6%	17.6%	16.8%

Role of School Meals

School Meals are a *fundamental* component of San Diego's Hunger Relief Sector.

Where Hungry San Diegans Get Food (2017)

Program type, number of meals, percentage of total meals, and funding source

A Focus on Equity

Child Nutrition Program: Equitable Policies That Increase Food Security

1. Automatic eligibility and enrollment for students for free school meals, to children in households that participate in the Supplemental Nutrition Assistance Program (SNAP) or the alternative on Indigenous reservations, children in foster care, and children who are migrants or homeless.

2. Community Eligibility Provision (CEP) provides universal free lunch and breakfast to schools that serve students living in low-income households, **without requiring individual household applications.**

Innovative Strategy: Making CEP easier with Meals Count

Meals Count is an algorithmic optimization tool used by school districts and state education agencies across the country to streamline the grouping process, in order to optimize reimbursements for school meals from the USDA via the Community Eligibility Provision (CEP) and therefore increase the number of free meals provided to low-income students.

The Meals Count tool is a collaboration between Open San Diego, Nourish CA, the San Diego Hunger Coalition and No Kid Hungry. www.MealsCount.com

Innovative Strategy:

Utilizing waivers to offer CACFP Supper

- **Pre-COVID:** Sponsors participating in the At-Risk Afterschool Meals component of the CACFP must use school data to determine area eligibility.
- **COVID:** Program operators are able to take advantage of current USDA waivers for area eligibility requirements to provide supper at **all** of their meal sites.

Grab and Go Sites

Meal Participation San Diego County 2019 v 2020	Overall Meal Participation	Breakfast	Lunch	Supper
	-24%	37%	-66%	36%

- Overall school meal participation is down 24% due to school closures
- Grab and Go sites offering ALL meals to each student accessing meals led to increased participation for Breakfast 37% and Supper 36%.
- *Equity allocates resources and opportunities needed to reach an equal outcome*

Data retrieved February 04, 2021 (Oct. 2020 data)
Data retrieved November 03, 2020 (Oct. 2019 data)

Innovative: Bulk Meal Kits

Bulk Meal Kits = More than one serving of items, intended to make multiple days' worth of a single meal, to be scratch-cooked at home.

Benefits

- Provide whole fresh fruits and vegetables
- Establish new partnerships with local vendors
- Less packaged and prepared foods
- Healthier, more nutritious

Bulk Meals at Fallbrook UHSD

- Judi Reynolds from Fallbrook Union High School District reported that she doubled meal participation when moving to bulk meals!
- “Families love it, plain and simple. The food is whole, the food is fresh, the food is usable. We hear that kids love digging through the bags to see what goodies are in there.”

"We are switching to bulk meal service to provide MORE MEALS, INCREASED VARIETY, and BETTER SERVICE to our children and families."

Innovative Strategies: Recap

Taking an **equity** based approach to ensuring access for students who have historically faced barriers to food assistance requires **innovative** strategies that address **multiple** components of the student's experience.

THE GOOD FOOD PURCHASING PROGRAM

California Farm to School Conference
March 10, 2021

INSTITUTIONAL
FOOD SERVICE

**\$120 Billion
Annually**

“Food is the single
strongest lever to
optimize human health
and environmental
sustainability”

– EAT-Lancet
Commission

WHO WE ARE

THE CENTER FOR GOOD FOOD PURCHASING

uses the **power of procurement** to create a
transparent and **equitable** food system
that prioritizes the health and well-being
of people, animals and the environment.

HISTORY

2011-
2012

Los Angeles Food Policy Council develops
Good Food Purchasing Policy

2012

The City of Los Angeles and LA Unified
School District adopt policies

2015

The Center for Good Food Purchasing is
founded

2021

Participation by 20 cities/jurisdictions

OUR GOALS AND VALUES

OUR GOALS

Increase good food purchases
within and across institutions

Inspire new
institutions to
adopt the
Program

Drive market
change through
the aggregate
demand and
unified good food
framework

Build a movement strong enough
to change the food system

HOW THE PROGRAM WORKS

TRANSPARENCY + ACCOUNTABILITY = MARKET SHIFTS TO SUPPORT EQUITY

1. Assess Baseline
2. Set Goals + Make Shifts
3. Track Progress
4. Celebrate Success

SUMMARY OF GOOD FOOD STANDARDS

BASELINE REQUIREMENTS

QUALIFYING CRITERIA

Meets minimum purchasing requirement*

Item comes from within
250 mile-radius

AND

Is grown or processed by
A family owned, family operated
or cooperatively owned business

Sources 25% animal
products that are RWRAU¹
Sources no "Avoid"
seafood

AND

Meets minimum
purchasing
requirement

OR

Reduces carbon
and water
footprint per meal

Item is third-party certified. Examples:

Meets minimum
purchasing
requirement

OR

Reduces volume of animal products sourced

Item is third-party certified. Examples:

Meets minimum
purchasing
requirement

AND

Outreaches suppliers with significant records of
labor law violations

Item is third-party certified. Examples:

OR

Supplier is/has
A worker-owned cooperative
A Social Responsibility Policy
A Union Contract with Employees

Meets 51% or more of applicable items on the Nutrition Checklist

Institution completes Nutrition Checklist evaluating practices that
demonstrate commitment to healthy food procurement, healthy food
service environment, health equity, and healthy food preparation

*Minimum purchasing requirement varies based on level of compliance. See the 2017 Good Food Purchasing Standards for more details.

Escondido Union School District & Oceanside Unified School District

1. Assess Baseline
2. Set Goals + Make Shifts

FRL:
66%

EUSD Board voted unanimously to approve the Good Food Purchasing Policy

FRL:
59%

OUSD reached out to food suppliers with labor law violations and COVID practices citations

SUPPORT, TOOLS, & RESOURCES

ASSESSMENT & ANALYTICS

- Data normalization
- Supply chain research
- Annual reports w/ trend analysis
- Aggregate trends by sector and custom analytics

TRAINING & TECHNICAL ASSISTANCE

- Support for institutions & vendors w/ action planning
- Guidance on bids, solicitations, supply chain development, and procurement process improvements

ONLINE TOOLS & RESOURCES

- Supplier and product search tool
- Resource library
- Impact modeling and decision support tool (2021)

COMMUNITIES OF PURPOSE

- Access to peer-learning and strategy networks within and across cities for institutions, coalitions, and policymakers

IMPACT

LOS ANGELES UNIFIED SCHOOL DISTRICT

District Profile:

- \$125 M annual food spend
- 600,000+ students
