Note: Cannabis is a Schedule I drug, according to the federal Controlled Substances Act. Cannabis-related activity is subject to federal prosecution, regardless of the protections provided by state law.

Look Up Licenses

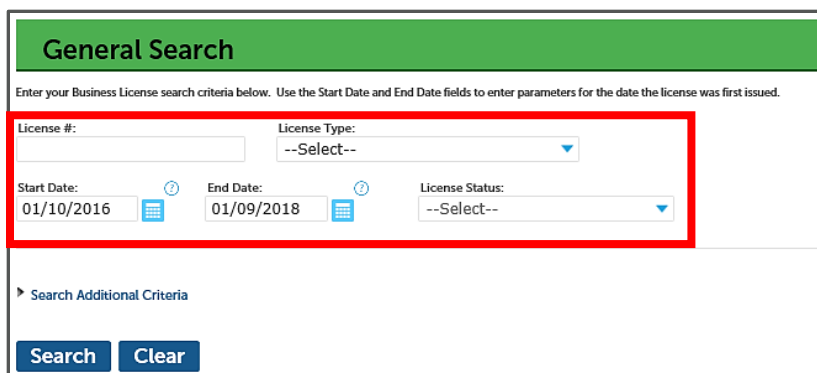

From the CalCannabis Licensing System [Home](#) page, the **Look Up Licenses** link leads to the **Search Licenses** page.

To search for information about licenses issued by CDFA, you do not need to register or log into the system.

Search Licenses Page

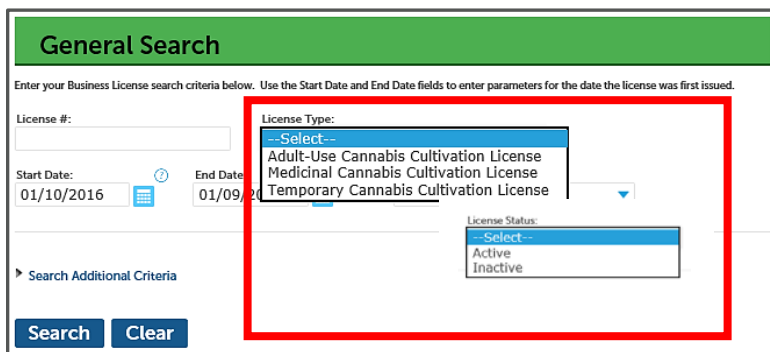

You can search using a **License Number**, or by choosing a **License Type** from the dropdown list. You can search for licenses issued between a start or end date, and you can also further narrow your search by adding the **License Status**.

A screenshot of the 'General Search' form. The form has a green header and a white body. It contains several input fields: 'License #' (text), 'License Type:' (dropdown menu), 'Start Date:' (calendar icon, text '01/10/2016'), 'End Date:' (calendar icon, text '01/09/2018'), and 'License Status:' (dropdown menu). A red box highlights the 'License #', 'License Type:', 'Start Date:', 'End Date:', and 'License Status:' fields. Below the form is a 'Search Additional Criteria' link and 'Search' and 'Clear' buttons.

To begin your search, you can enter a full or partial license number in the **License Number** field. License numbers begin with three letters that represent the license type:

- **CAL:** Annual Adult-Use
- **CML:** Annual Medicinal
- **TAL:** Temporary Adult-Use
- **TML:** Temporary Medicinal

You can broaden your search by choosing a **License Type** from the dropdown list: **Adult-Use**, **Medicinal**, or **Temporary Cannabis Cultivation License**.
