

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

Karen Ross, Secretary

DATE: September 20, 2013  
TO: All County Agricultural Commissioners  
FROM: Plant Health and Pest Prevention Services  
SUBJECT: **PEST EXCLUSION ADVISORY NO. 14-2013**  
Light Brown Apple Moth (LBAM) County Monthly Activity Report Online Form

The LBAM county monthly activity report form is now available on the California Department of Food and Agriculture (CDFA) [County Monthly Reports \(CMR\) Online System](#). This monthly report form is for the Pest Exclusion LBAM Regulatory County Agreements. The report matches the line items in the current LBAM regulatory work plans.

In the Scope of Work in the LBAM Regulatory County Agreements it specifies that the county submit a "Monthly Activity Report" utilizing the on-line CMR system to report all authorized LBAM quarantine response and regulatory enforcement activities. Monthly activity reports must be submitted through the on-line County Monthly reporting system no later than the fifth day of the month following when the activities took place. Forms need to be completed by counties and verified by CDFA before corresponding invoices will be reimbursed.

To access the report, click on this link: <https://secure.cdfa.ca.gov/egov/crs/login.aspx>

If you have any questions regarding this advisory, please contact Terra Walber at (916) 654-0312 or at [terra.walber@cdfa.ca.gov](mailto:terra.walber@cdfa.ca.gov).
