

## Milk Mailbox Prices for November 2005

In November 2005, mailbox prices for selected reporting areas in Federal milk orders averaged \$15.09 per cwt., \$0.33 less than the figure for the previous month. The component tests of producer milk in November 2005 were: butterfat, 3.80%; protein, 3.14%; and other solids 5.70%. On an individual reporting area basis, mailbox prices decreased in all reporting areas except three, ranging from \$18.36 in Florida to \$13.16 in New Mexico. In November 2004, the Federal milk order all-area average mailbox price was \$16.12, \$1.03 higher.

\*Four new reporting areas and one revised area in the Northeast. These areas are not included in "All Areas" totals.
