REPORTING INSTRUCTIONS

(Monthly Report)

This report is for disclosing sales of Extra Grade and Grade A Nonfat Dry Milk (NFDM) only, sold for human consumption, regardless of length of storage, container size or sales volume. Do not include any other type of powdered milk, such as instant NFDM or whole milk powder. The selling price of NFDM will include any bag costs. No reduction in price is allowed when a more expensive bag is used.

Period Covered: The monthly time frame beginning on the 26th of one month and concluding on the 25th of the next month will be the basis for determining the amounts of reported nonfat dry milk product and sales. Include only the sales involved for that specific time frame in the pounds and sales lines. "Sales" are defined

1. Commodity Credit Corporation Sales: Total of the Commodity Credit Corporation (CCC) sales under the support purchase price program for the month in question and place on this line. This is reported in pounds.

2.(b) Total Dollars Received: Total the dollars of sales for the week in question and place on this line. Credits for sales fare to be included in the monthly report only if the original sale was in the same month as the credit month. Other credits for prior month sales are not to be included. Please note that sales of NFDM should be reported at the price sold without regard to whether the price is lower than any existing support purchase price.

2.(c) Broker Fees and Hauling Costs: Total all broker fees and letters of credit costs accrued by your company for any sale for the month in question, if any, on this line. If total dollar sales exclude broker fees and letters of credit costs, disregard this line. 2.(d) Charges for Powder Only: This line represents total dollars received less broker fees and hauling costs.

3.(a) Contracted Sales: Total all Contracted Sales for the month in question and place on this line. Do not include sales or transfers to other plants in your organization, or products delivered by the company's own trucks unless the company can separate delivery expenses from the delivered price. **Only those contracted sales that are shipped no more than 90 days from the date of contract execution shall be included.** This is reported in pounds.
