Dear Mr. Kawamura,

I am writing this letter to support the price floor to be set at \$14.50 per hundred wt. This amount would ensure the dairy to become more financially stable, and would assist us to keep paying the bills. The way it's been going with declining milk prices this whole operation is in jeopardy. Our farm has a risk of going out of business. For the amount of money we have invested I believe we should have the protection of at least breaking even.

Sincerely,

Frank Rocha Jr.
