RE: Public Hearing on the continuation of the Marketing Order for Research, Education and Promotion of Market Milk and Dairy Products in CA...

Dear CDFA and Mr. Kawamura:

The Board of Directors of Pacific Gold Milk Producers, Inc. failed to receive a letter regarding the continuation of the Marketing Order. Perhaps this was an oversight, but in doing so the CDFA failed to allow the Board to directly communicate with its members on this most important issue which affects the paycheck of each individual member.

We were notified by a producer just yesterday of the public hearing. Considering the amount of time that has passed since the last hearing, September 13, 2005, and the changes that have transpired in the dairy industry, we request a referendum be taken on the continuation of the Milk Marketing Order, and that all pertinent data (from the last five years) regarding those who administer the order be made available to the producers. Thank you.

Sincerely,

The Board of Pacific Gold Milk Producers, Inc.
