Karen Ross, Secretary
California Department of Food and Agriculture
1220 N Street
Sacramento, CA 95814

Dear Secretary Ross:

In my previous letter dated Jan. 10, 2013 on the matter of milk transportation allowances, I failed to include the current transportation allowance rates. My goal was that Napa County would have the same allowance rates and mileage brackets as the rest of the North Bay receiving area (those in Section 921.5 of the current pooling plan), however, I inadvertently included the older rates (previous to Sept. 2008) from Section 921.2 of the current pooling plan in my original petition.

As a hearing date of April 4, 2013 has been granted to decide on this matter, I respectfully request that the hearing documents are updated to reflect the correction below:

Proposed Amendment to the Pooling Plan for Market Milk

Section 921.5

(d) For plants located in the North Bay receiving area, which shall consist of the counties of Marin, *Napa*, Solano, and Sonoma:

(1) From zero through 45 miles \$0.23 per CWT
Over 45 miles through 96 miles \$0.35 per CWT
Over 96 miles \$0.44 per CWT

Thank you.

Sincerely,

Claudia Suh
