¹ Reported by California plants only. Includes all Class 1 Northern and Southern California market milk product sales including flavored and organic milk sales.

² Reported by California plants only. Includes all whole, reduced fat, lowfat, and skim market milk product sales sold out of California. The Class 1 Sales Out-of-State sales are not included in the Total Class 1 Sales for California, nor in any other Class 1 Sales tables.

³ For information reported for April 2015 forward, CDFA clarified reporting instructions for packaged product moving plant to plant prior to ultimate distribution. This has improved the accuracy of current numbers, but makes current year to prior years less accurate, and will overstate any year over year decrease in sales.
