

## ROUGH DRAFT definition of maintenance location

“Maintenance Location” as used in Business and Professions Code Section 12535, and this chapter, means a physical location that itself is under direct legal control of a service agency where its assets, including but not limited to each test standard, are kept, stored, maintained, or used.”

“Primary maintenance location” means the service agency’s main place of business or center of operations, whether or not in this state, including but not limited to its headquarters, corporate or regional office, or other similar main place of business.

“Additional maintenance location” means the service agency’s physical maintenance location or locations in this state that are not the service agency’s primary maintenance location.
