TO ALL INTERESTED PARTIES:

The Department of Food and Agriculture is finalizing the development of standards for hydrogen fuel used in internal combustion engines and fuel cells for motor vehicles. Senate Bill 76 (2005) requires that the establishment of standards be complete no later than January 1, 2008. The Department intends to start the formal regulatory adoption process soon. The Department is soliciting input on the second draft of the interim hydrogen fuel standard from all interested parties, suppliers, manufacturers, consumer groups and automotive designers.

Questions regarding this notice should be directed to Kristin Macey, Chief of the Weighmaster Enforcement/Petroleum Products Branch at kmacey@cdfa.ca.gov or (916) 229-3044, or John Mough, Hydrogen Fuel Project Chemist at jmough@cdfa.ca.gov or (916) 229-3054.

Sincerely,

A handwritten signature in cursive script that reads "Dennis R. Johannes".
