DMS NOTICE  
G-09-6

Discard: Retain

TO WEIGHTS AND MEASURES OFFICIALS

SUBJECT: County Assignments for Measurement Standards Personnel

The enclosures to this notice list the current Division program contacts and county assignments for Division personnel with their email address, telephone and fax numbers. Several Northern California counties currently have no designated Weighmaster, Petroleum, or Price and Quantity Verification Program representative to assist and coordinate program activities. Activities in these counties will be handled temporarily through the Sacramento Office. If you are unable to contact your investigator using either of these numbers, please contact the Sacramento office at (916) 229-3000.

With a few exceptions, the Weighmaster Enforcement and Petroleum Products Branch now have one investigator from each program assigned to a County. Classroom-style training is available for county employees and industry weighmasters by contacting Don Overton, Branch Training Coordinator for the Weighmaster/Petroleum Branch at (916) 229-3058.

Metrology can assist in locating resources for standard specifications and provide calibration services for counties, service agencies, and private industry. Contact George Terrell, Measurement Standards Specialist III, at (916) 229-3024.

Information regarding the interpretation of test results and specifications for petroleum and automotive products may be obtained by contacting Allan Morrison at (916) 229 3046. Information regarding California Certificates of Approval may be obtained by contacting Linda Turnipseed at (916) 229-3028.

Sincerely,

Edmund E. Williams  
Director
