DMS NOTICE
P – 25 – 01
DISCARD: RETAIN

TO: FUEL RETAILERS AND MARKETERS

SUBJECT: Retail Sale of Motor Vehicle Fuel in California

Due to the California Department of Food and Agriculture Division of Measurements Standards' (DMS') latest amendment to requirements for fuel specifications and labeling of natural gas (Title 4 California Code of Regulations Sections 4192.1, 4192.2, 4206, and 4207), effective July 1, 2025, this notice is intended to remind all impacted motor vehicle fuel sellers of statutory and regulatory requirements.

Any person who sells, at retail, any motor vehicle fuel listed in Business and Professions Code (BPC) [Section 13440](#), including all alternative and zero emissions motor vehicle fuels, shall comply with all applicable provisions of BPC Division 5 and Title 4 of the California Code of Regulations under the jurisdiction and enforcement authority of the DMS.

Any amendments to Title 4 of the California Code of Regulations do not relieve, exempt, or otherwise excuse noncompliance with any and all applicable laws and regulations regarding the retail sale of motor vehicle fuels that are under the jurisdiction and enforcement authority of other federal, state, or local agencies.

It is the responsibility of the seller to ensure that they have met all applicable requirements prior to marketing and selling any motor vehicle fuel.

If you have any questions, please contact John Larkin, Branch Chief, Enforcement Branch at (916) 229-3000, or john.larkin@cdfa.ca.gov.

Sincerely,

Kevin Schnepf
Director
