Coin acceptor/changer mechanism

One gallon vends only

Syrelec Crouzet timing unit

Shurflo pump (Model M8005-233-236)

Totalizer

**NOTE:** Money operated type devices shall clearly and conspicuously display adequate information detailing the method for the return of monies paid when the product or service cannot be obtained. This information shall include the name, address, and telephone number of the *local* responsible party for the device.

This device was evaluated under the California Type Evaluation Program (CTEP) and was found to comply with the applicable technical requirements of California Code of Regulations for "Weighing and Measuring Devices." Evaluation results and device characteristics necessary for inspection and use in commerce are on the following pages.

Effective Date: April 21, 1998

  
Barbara J. Bloch, Director

**Aqua Products**  
**Coin-Operated Water Dispenser**  
**Models: DQ2-1200, DQ1-600 and WDQ**

**Application:** Approved for use as a water metering device (dispenser).

**Identification:** Identification information (manufacturer's name, model number and nonrepetitive serial number) is located on the front top right corner of the cabinet.

**Sealing:** The timing unit (Syrelec Crouzet) is housed in a control box with a clear plexiglass cover and can be sealed with a wire security seal threaded through a hole provided in the cover and housing. Alternatively, a pressure sensitive security seal can be placed on the seam between the cover and housing.

**Operation:** The Models DQ2, DQ1 and WDQ are coin-operated dispensers designed to deliver one gallon of water at a time.

**Test Conditions:** The Models DQ2-1200, DQ1-600 and WDQ water dispensers were installed and tested at a field location for the evaluation. The dispensers were tested initially for accuracy and repeatability. After 60 days and an excess of 2000 vends, subsequent tests were performed on each dispenser.

The result of the evaluations indicate the devices comply with the applicable requirements.

**Type Evaluation Criteria Used:** Title 4, California Code of Regulations, 1998 Edition

**Tested By:** Jim Delperdang (CA)

**Reviewed By:** Ronald Flores (CA)
