Chapter 8. Motor Oil Fee §§ 4300. through 4309.

§ 4300. Definition of “Motor Oil” and Other Terms for Purposes of Fee Responsibility.

For purposes of fee responsibility under Sections 13430 and 13431 of the Business and Professions Code the following definitions apply:

- (a) “Motor oil” includes natural, synthetic and re-refined motor oils, whether or not in retail containers, and in addition, any product used as an additive to a motor oil used in the lubrication of internal combustion engines. Refinery base stocks, manufacturing additives used by motor oil dealers in the commercial compounding and production of motor oils, and other motor oil components are not motor oils for the purposes of fee responsibility unless they are used separately in the lubrication of internal combustion engines, in which case they are “motor oils” for the purpose of the fee responsibility.
- (b) For purposes of this Subchapter, the term “additive” when used alone, means any product to be added to the motor oil in the crankcase of an internal combustion engine for the purpose of reducing friction, heat or wear of the internal moving parts.
- (c) “Internal combustion engine” means all engines producing power by internal combustion and includes 2-cycle and 4-cycle internal combustion engines and turbine engines. Internal combustion engines include engines powered by gasoline, ethanol, methanol, alcohol blended fuels, diesel, biodiesel, biodiesel blends, kerosene, hydrogen, compressed natural gas, liquefied petroleum gas, propane, or butane.
- (d) “Motor oil dealer” means any person, firm or corporation engaged in the business of producing, importing, packaging or otherwise preparing motor oil for market or selling or distributing motor oil.
- (e) “Motor oil dealer permit number” means the registration number provided by the Department to each motor oil dealer.
- (f) “Date of sale” is the date of transfer of the motor oil to the purchaser, as evidenced by an invoice, voucher or bill of lading.
- (g) “Quarter” means a three-month period during a fiscal year. For each fiscal year, the first quarter commences July 1 and ends September 30, the second quarter commences October 1 and ends December 31, the third quarter commences January 1 and ends March 31 and the fourth quarter commences April 1 and ends June 30, all inclusive.
- (h) “Export” or “Exported” means the delivery or shipment of motor oil by the motor oil dealer from a point in California to a point outside of California when, pursuant to the contract of sale, the motor oil is delivered by the motor oil dealer to:
 - (1) The out of state point by facilities operated by the dealer; or
 - (2) A carrier, customs broker or forwarding agent for shipment to a location outside of California.
 - (3) A forwarding agent, export packer, customs broker or other person engaged in the business of preparing property for export, or arranging for its export to a location outside of California or
 - (4) A vessel clearing from a port in California for a port outside of California. However, motor oil consumed during a voyage clearing a California port is not exempt.

The motor oil is not exported if it is diverted in transit, for any reason, and is not actually delivered outside of California; regardless of documentary evidence held by the dealer for delivery of that motor oil for out-of-state shipment.

§ 4302. Fee Responsibility and Exemption.

- (a) The first motor oil dealer that produces, sells or distributes motor oil in California, whether or not packaged in retail containers, shall pay the fee for all such motor oil sold in California.
- (b) Motor oil exported for sale outside California is exempt from the motor oil fee.
- (c) A person assigned a Motor oil dealer Permit Number and not actively engaged in the business of producing, distributing, or selling motor oil is required to notify the Department in writing within the next reporting period upon ceasing operations dealing with motor oil.

NOTE: Authority cited: Section 12027, Business and Professions Code. Reference: Sections 13430 and 13431, Business and Professions Code.

§ 4304. Fees and Returns.

(a) The motor oil fee provided for in Section 13431 of the Business and Professions Code is established at four cents (\$0.04) per gallon. This section shall remain in effect until January 1, 2018 and as of that date the fee shall revert to three cents (\$0.03) per gallon, unless a regulation establishing a different fee is promulgated before January 1, 2018.

(b) Each person responsible for the payment of the motor oil fee shall file a return with the Department no later than 30 days after each quarter ending September 30, December 31, March 31 and June 30. The return shall be on a completed "Motor Oil Fee Return Form" (Rev. 6/30/12), hereby incorporated by reference, and accompanied by payment of the motor oil fee due for such transactions. All motor oil dealers must prepare and submit to the Department a return in accordance with the general requirements for reporting contained in this section.

- (B) The total amount of gallons of motor oil with fees paid to suppliers.
- (C) The net amount of motor oil gallons to which the fee is applied. This is calculated by the gallons
- (D) The signature and title of the representative of the entity authorized to prepare the return.
- (E) The date the return was signed.

(2) Returns and applicable supporting data shall be accurate and complete; and shall be computer generated, typed, or legibly handwritten in English.

(c) Any return not received by the Cashier, California Department of Food and Agriculture in Sacramento by the dates stated in subsection (b), not complete or not accompanied by the full fee due, is delinquent. A return that is postmarked not later than the fifth day of the month in which the return is due shall be deemed received by the date on which it was due.

(d) A motor oil dealer may not take a credit on their quarterly motor oil fee return for motor oil that is used for an exempt purpose pursuant to Business and Professions Code Section 13431, during any quarter. Motor oil fees paid on motor oil later used for an exempt purpose may be refunded under the provisions of this Chapter upon request of the motor oil dealer under the provisions of Section 4307.
