HOPE

CalHOPE *Schools* Initiative Goals

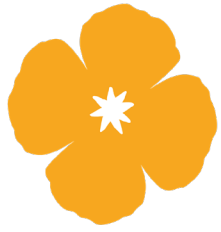

- Provide no-cost resources to **ALL** public schools and educational agencies across California to promote mental health and wellness
- Recognize the impact stress, trauma, anxiety, and other challenges have on mental health and learning
- Spark conversations about mental health and provide support materials and programming that supports social-emotional learning
- Build relationships resilience, and support for students, educators, and families

CalHOPE *Schools*

Initiative Program Details

- Access to the films *A Trusted Space*, *Angst*, *Stories of Hope*, and support curriculums, guides, and resources
- SEL in-person programming for a cache of educators, students, and adults
- Monthly forums with experts on education, mental health and other supports for educators, schools, families, and students
- Single sign for all resources at CalHOPEschools.org

About the Initiative

The CalHOPE Schools Initiative is a web based dashboard containing documentary film programs, SEL based curriculum, discussion guides, activities and more. The easy to use platform consists of three programs built to address mental health challenges facing students, educators and our communities at large.
