

The Respect and Civility Campaign

The purpose of the campaign is to encourage employees throughout CDFA to demonstrate personal values that exemplify treating others with respect and civility. The CDFA Leadership Challenge Respect and Civility Campaign receive nominations submitted by their peers via a nomination form.

Each month the group features a new nominee(s). The posters are sent out via email to all CDFA employees who may then print and display in centrally located areas within your offices. Nomination forms are also included in the email for employee's convenience and returned to Suggestionbox@cdfa.ca.gov. Your nominations are based upon staff (statewide), in your division, who exemplifies respect and civility in your work place.

The goal to recognize our employees who work towards encouraging all CDFA employees to work together to make CDFA an enjoyable place to work by treating your fellow-employee with the respect and kindness they deserve!
