

Striking gold at the

Yuba-Sutter Fair

The Yuba-Sutter Fairgrounds is an economic, social and cultural treasure for local communities. In 2002, the fair contributed more than \$16.4 million in economic impact to Yuba and Sutter counties, created 126 local jobs and generated \$160,080 in local tax revenues.^{1 2 3}

The 13th District Agricultural Association — the legal body governing the fair and fairgrounds — is a state entity. However, the fair organization does not receive money from the state general fund. Rather, it is funded through revenues it generates locally and \$124,000 it receives annually from a licensing fee on wagers placed on horse racing. Pari-mutuel wagering on horse racing in California was allowed through a constitutional amendment in 1933, with a portion of the revenues designated to support the network of California fairs.

The California Department of Food and Agriculture's Division of Fairs and Expositions engaged the firm of KPMG LLP to measure the annual economic and social impacts of the Yuba-Sutter Fair and produce a report detailing their findings.⁴ Based on information presented in this report, the fair organization should be considered a gold mine for their community and the Golden State.

Economic Impact: At the Assayer's Office

In 2002, the fair organization created significant economic impacts on the local economy.

- Overall impact of spending by all participants at fairtime and year-round events resulted in a total economic impact on the county of more than \$16.4 million.
- Attendee direct spending at fairtime and year-round events totaled more than \$9.8 million.
- Annual personal income impact from attendee, fair organization and fair-related business spending totaled more than \$3.4 million.
- Full-time equivalent jobs created by the fair organization through direct employment and multiplier impacts reached 126.
- City and county governments collected an estimated total of \$160,080 in tax revenues from year-round activities held at the fairgrounds.
- For each worker the fair organization and related business employs, an estimated 2.48 additional jobs are created in the county. For each dollar that economic participants pay their employees, an estimated \$1.80 in total personal income is produced in the local economy.
- Each dollar spent by the fair organization and year-round event participants generates an estimated 15 cents of additional spending in the county, for a total impact of \$1.15 per dollar spent.

Agriculture: The Gold Nugget

A central feature of the fair is to educate people about the importance of agriculture in California.

- Fifty-one percent of fairgoers felt that they knew more about agriculture after going to the fair.
- The fair is a critical part of the local junior livestock program, which educates young people about the breeding, raising and grooming of farm animals. The junior livestock auction at the fair grossed \$329,514, with 230 animals purchased by 291 buyers.
- During 2002, the fair judged 3,319 exhibits, including 1,532 agricultural exhibits. This resulted in \$15,344 paid in prize money to fair participants.

Fair-Related Businesses: Services to a Golden Industry

Fair-related businesses provide many goods and services that are essential to the fair experience.

- Commercial exhibitors generated more than \$3.1 million in local spending, more than \$1 million in personal income, 30 local jobs and \$19,525 in local taxes. Attendee spending on commercial exhibitor merchandise totaled \$6.6 million, which generated \$82,608 in local taxes.
- Combined economic impact of spending by commercial exhibitors plus attendee spending on commercial merchandise at fairs and year-round events totaled nearly \$9.8 million.

- Concessionaires created \$764,289 in local spending, \$374,430 in local personal income, seven local jobs and \$3,598 in local taxes. Attendee direct spending on food and beverages totaled more than \$1.1 million, which generated \$13,871 in local taxes.
- Total economic impact from the carnival generated \$27,629 in local spending, \$7,662 in local personal income and \$614 in local taxes.
- Entertainment at the fair created \$31,577 in local spending, \$25,741 in local personal income and \$229 in local taxes.

Community Groups: Mining for Gold

The fair is a major venue for local community groups and nonprofit organizations to raise money and awareness of their programs.

- In 2002, nonprofit groups raised \$26,080 at the Yuba-Sutter Fairgrounds for community programs and services.
- Include the \$329,514 raised at the junior livestock auction, and a total of \$355,594 was raised for community benefits.

Attendees: A Golden Treasure

Californians love their fairs and fairground events.

- Fairtime attendance was 61,340 in 2002, and year-round events attracted another 179,050 people. Total annual attendance at the Yuba-Sutter Fairgrounds was 240,390, which represents 297 percent of the county's population.
- Year-round events demonstrate how well-planned and creative programming can generate community involvement and local revenues. Attendee spending at year-round events totaled more than \$7.8 million.
- The average visitor attends the fair 1.8 times per year and lives within 100 miles.

Social and Cultural Impacts: Giving Back

While the economic impact of the fair is remarkable, it is the social and cultural impacts that may leave the most lasting impression on Californians.

- The fair provides a focal point for community members to celebrate their heritage, compete in a variety of events, hold family reunions, display and view artwork, learn about other cultures, premier new inventions, and showcase the best of California.

- Eighty-eight percent of attendees agreed that the fair provided worthwhile community benefits.

Conclusion: A Golden Legacy

As this profile of the Yuba-Sutter Fair illustrates, fairs entertain and educate, but they also have immense economic, educational, social and cultural impacts. Economic impacts range from spending by attendees and businesses to nonprofit fundraising to job creation and to tax revenues. From people's paychecks to community services, the return on investment from fairs is widespread.

Fairs, however, represent much more than dollars-and-cents. Fairs offer a link between urban and rural California. They serve as tools for educating Californians about the importance of agriculture and introducing young people to both traditional and innovative aspects of life on the farm.

Fairs reach far beyond their agrarian roots and encourage industries and individuals to strive for excellence through competitions. Winning the blue ribbon at a fair competition is a great incentive to showcase the best of California.

Finally, through their social and cultural impacts, fairs embody the community spirit and highlight the diversity of the Golden State.

¹ The economic impacts presented in this profile are local in nature and are for Yuba and Sutter counties only. Economic impacts presented in *Fairs: Exploring a California Gold Mine* are for the entire state of California. Since the impact areas in the two studies are different, results of the two studies are not directly comparable.

² For study methodology, refer to Appendix B of *Fairs: Exploring a California Gold Mine*.

³ Jobs are measured by full-time equivalent counts. Due to the heavy reliance on temporary and part-time workers, the actual number of jobs is much greater.
