Please use the criteria outlined below to evaluate the proposals received for the Pet Lover's Spay and Neuter Grant Program. As appropriate, scoring for each review question should use a holistic approach taking all relevant factors into consideration. Scoring ranges to assist with your evaluation: Poor 1 – 2; Below Average 3 – 4; Average 5 – 6; Good 7 – 8; Excellent 9 – 10

For each section, use the drop-down box to assign a score and provide constructive comments/feedback to better assist the applicant to apply to the program in the future should they not be selected for funding.

Proposal Section	Score	Comments/Feedback
Project Purpose (10 Points Possible): Scoring should be based on how well the grant proposal addresses the specific issue, problem, or need, as well as the importance it has to the community.		
Project Awareness (10 Points Possible): Scoring should be based on the reasonableness and likelihood of success of the project awareness plan as described.		
Project Work Plan (10 Points Possible): Scoring should be based on the clarity of the work plan and relevance of the specific project activities to the project purpose.		
Evaluation and Performance Monitoring Plan (10 Points Possible): Scoring should be based on the reasonableness and likely effectiveness of the proposed project accomplishments and plan to evaluate success.		
Budget Narrative (10 Points Possible): Scoring should be based on the reasonableness of the budget and relevance to the project activities and goals.		
Total Score (50 Points Possible): Overall score for the proposal.
