AUTHORITY AND REFERENCE

Sections 14, 407, 42681, and 42684 of the Food and Agricultural Code authorize the Department to adopt these proposed regulations. The proposed regulations implement, interpret, and make specific Sections 42681, 42682, 42684, and 42941 of the Food and

Agricultural Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

This rulemaking action amends Title 3, Division 3, Chapter 1, Subchapter 4, Article 4 and Article 22, § 1380.19 Standard Containers, 1430.10. Citrus, Uniform Size Requirement, 1430.12. Citrus, Packing Requirements for Standard Containers No. 58, 59, 61, 63, 65, 66, or 67, 1430.14. Oranges, Lemons, and Royal Mandarins, Standard Containers, 1430.26. Grapefruit, Count and Average Diameter, 1430.27. Grapefruit, Standard Container, 1430.45. Oranges and Royal Mandarins, Count and Average Diameter.

Section 14 of the Food and Agricultural Code authorizes the Department to adopt rules and regulations in accordance with the Administrative Procedure Act. Additional authority vested in the Food and Agricultural Code grants the California Department of Food and Agriculture Secretary the authority to amend or repeal rules and regulations.

Section 407 of the Food and Agricultural Code authorizes the Secretary of the Department to adopt such regulations as are reasonably necessary to carry out the provisions of the Food and Agricultural Code which the Secretary is directed or authorized to administer or enforce.

Section 42681 of the Food and Agricultural Code specifies, in part, that the Secretary of the Department may, upon a petition of a person that the Secretary finds has a substantial interest in the growing or handling of the particular fruit, nut, or vegetable involved, establish, modify, or rescind by regulation, which initially took effect January 1, 1971, standard container, lid, marking, sizing requirement for commodities, and packing arrangement for any fruits, nuts, or vegetables, for which specific quality standards have otherwise been provided by law or regulation.

Section 42682 of the Food and Agricultural Code authorizes the CDFA Secretary to establish, modify, or rescind, by regulation, which initially took effect January 1, 1971, standard container, lid, marking, sizing requirements for commodities, and packing arrangements for any fruits, nuts, or vegetables, for which specific quality standards have otherwise been provided by law or regulation.

The [Secretary] shall not, by regulation, adopt any new container or packing requirement, unless the new container or packing requirement has previously been authorized by regulation of the director as an experimental container pack.

Section 42684 of the Food and Agricultural Code establishes the statutory requirements for establishing, modifying, or rescinding, by regulation, quality and maturity standards for any fruits, nuts, or vegetables.

Section 42941 of the Food and Agricultural Code mandates that it is unlawful for any person to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport, cause to be transported, or sell any fruits, nuts, and vegetables and their

containers conform to the provisions of the Standardization Program's division or the regulations promulgated thereunder.

The effect of the proposed regulatory action increases the amount of allowable size of fruit containers and also allow for different packing styles. The proposed regulation will benefit the California citrus producers, packers, retailers, and consumers. Citrus shippers and packers will now be allowed to pack utilizing a more efficient and stable container currently utilized for other commodities. Additionally, the increase in fruit volume allowed in these containers will reduce headspace and damage to fruit which results in cost savings.

CONSISTENCY EVALUATION

During the process of developing these regulations and amendments, the Department has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

RESULTS OF THE ECONOMIC IMPACT ASSESSMENT/ANALYSIS

The Department concludes that it is (1) unlikely that the proposal will eliminate/create any jobs and/or eliminate existing business; (2) likely that this proposal may create new business or expand current business opportunities for producers and packers of citrus; (3) unlikely that the proposal will create an unknown number of new businesses providing citrus; (4) Also, the proper handling and packing of citrus fruits will protect

consumers and the industry, and assure that both entities are purchasing acceptable quality fresh fruits. Finally, the proposed rulemaking will create an indirect impact to the protection of public health and safety.

Benefits of the Proposed Action: The proposed regulation will benefit the California citrus producers, packers, retailers, and consumers. Citrus shippers and packers will now be allowed to pack utilizing a more efficient and stable container currently utilized for other commodities. Additionally, the increase in fruit volume allowed in these containers will reduce headspace and damage to fruit which results in cost savings.

Significant effect on housing costs: None.

SMALL BUSINESS DETERMINATION

The Department has initially determined that the proposed changes to the regulations would result in no added costs to small businesses affected by these proposed changes. This proposed regulatory action would allow packers to pack utilizing a more efficient and stable container currently utilized for other commodities. In addition, the proposed regulatory actions were initiated at the request of the impacted industry.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Department must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Department invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.
