N Management Training Program for CCAs

My overall understanding of **nitrogen management**.

N Management Training Program for CCAs

My understanding of the **nitrogen cycle** in crop production.

N Management Training Program for CCAs

My understanding of **nitrogen sources** in crop production.

N Management Training Program for CCAs

My understanding of **irrigation management** and its relationship to nitrogen fertilization.

N Management Training Program for CCAs

My understanding of the process of **nitrogen budgeting**.

N Management Training Program for CCAs

My understanding of nitrogen management **tools and resources**.

N Management Training Program for CCAs

My understanding of nitrogen management in **annual or permanent crops**.

N Management Training Program for CCAs

My **capacity to advise** in the development of a nitrogen management approach

N Management Training Program for CCAs

What part of the training was most helpful to you?

N Management Training Program for CCAs

Are you now better able to address nitrogen mitigation regulatory requirements?

N Management Training Program for CCAs

Do you work primarily:

N Management Training Program for CCAs

What is the highest level of education you have completed?

N Management Training Program for CCAs

How many years of agronomic experience do you have working directly with growers?

N Management Training Program for CCAs

Which regions of the state do you work in as a CCA?

Thank You

- Data Presented in this PPT was collected and prepared by CDFA/FREP staff Ms. Erika Lewis and Dr. Doug West.
- CAPCA provided the administrative support
