

**DEPARTMENT OF FOOD AND AGRICULTURE
PROPOSED CHANGES IN THE REGULATIONS**

**TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE
CHAPTER 1. CHEMISTRY
SUBCHAPTER 1. FERTILIZING MATERIALS**

SECOND ADDENDUM TO FINAL STATEMENT OF REASONS

**REVISED RESPONSE TO WRITTEN COMMENT RECEIVED DURING THE 45-DAY
PUBLIC COMMENT PERIOD ENDING MARCH 8, 2011.**

COMMENT 34.19: Commenter recommends the Department provide a standard name for the form and identity where the most current edition can be found on the form.

RESPONSE: The Department has considered this comment and determined that the form does have a standard name, which is: Organic Input Material, Fertilizing Materials Registration Application, 513-026 (Rev. 12/10). This form was incorporated by reference in the California Code of Regulations and can be found on the Department's website at: http://www.cdfa.ca.gov/is/apply_register.html.

INCORPORATION OF DOCUMENT BY REFERENCE

Due to formatting issues, the Department has determined that the incorporation of the Organic Input Material, Fertilizing Materials Registration Application, 513-026 (Rev. 12/10) by reference is necessary because it would be impractical and cumbersome to publish this document in the California Code of Regulations. The Organic Input Material, Fertilizing Materials Registration Application, 513-026 (Rev. 12/10) was available upon request directly from the Department and available to the affected public on the Department's website.
