* For some Dairy Plus Program projects building on a new 2024 DDRDP project, this total estimated GHG reduction value includes BOTH the DDRDP and Dairy Plus components. Although the components are covered by different funding sources, the value reflects the end result for the entire holistic project.

** Project herd size (only livestock for which manure management will be affected by the project) is presented as a range. Per Government Code 6254(k) and Evidence Code Section 1060, dairy herd sizes are considered confidential and proprietary information by CDFA and accordingly exempt from public disclosure.
