

California Department of Food and Agriculture
2023 Dairy Plus Program (DDRDP Track)
Projects Selected for Award of Funds
Updated September 2024

| General Information | | | | Budget | | | Primary Practice | Biogas End-Use | GHG Reduction (10 years) in MTCO ₂ e * | Project Herd Size (Range)** |
|---|--------------------------|--------------------------|--------|-----------------|----------------|--------------------|------------------|----------------|---|-----------------------------|
| Rank | Project Title | Submitting Organization | County | Requested Funds | Matching Funds | Total Project Cost | | | | |
| 1 | Moonstone Biogas LLC | California Bioenergy LLC | Kings | \$ 1,248,286 | \$ 132,500 | \$ 1,380,786 | Vermifiltration | RCNG | 129,569 | 3,001 - 5,000 |
| 2 | DeJager North Biogas LLC | California Bioenergy LLC | Merced | \$ 1,248,286 | \$ 132,500 | \$ 1,380,786 | Vermifiltration | Electricity | 357,400 | 5,001 - 8,000 |
| Final Funding Recommendation - \$3.74 million, 3 projects | | | | \$ 2,496,572 | \$ 265,000 | \$ 2,761,572 | | | 486,969 | |

* For some Dairy Plus Program projects building on a new 2023 DDRDP project, this total estimated GHG reduction value includes BOTH the DDRDP and Dairy Plus components. Although the components are covered by different funding sources, the value reflects the end result for the entire holistic project.

** Project herd size (only livestock for which manure management will be affected by the project) is presented as a range. Per Government Code 6254(k) and Evidence Code Section 1060, dairy herd sizes are considered confidential and proprietary information by CDFA and accordingly exempt from public disclosure.
