The Path for Designating a Winegrape Pest or Disease

REQUEST CONSIDERED

Designation Committee decides whether to proceed with request.

REQUEST SUBMITTED

Winegrape stakeholder submits request that a pest or disease be considered for designation.

EVALUATION PREPARED

PDCP solicits input from task force, industry, and scientists and prepares evaluation and checklist.

DECISION TO PROCEED

CDFA's PDCP is asked to evaluate the pest or disease and complete the designation checklist.

EVALUATION REVIEWED BY COMMITTEE

Completed evaluation and checklist submitted to Committee for consideration. Revisions made as requested. Committee develops recommendation.

PRESENT TO BOARD

Evaluation, checklist, and recommendation presented to Board. Revisions made as requested.

7

BOARD VOTE

Board votes on recommendation. Recommendations to designate new pests or diseases are forwarded to CDFA Secretary.

SECRETARY'S DECISION

CDFA Secretary considers recommendation and decides.

OFFICIALLY DESIGNATED

The pest or disease is now eligible for research and outreach funding by the PD/GWSS Board.
