INFORMATIVE DIGEST/PLAIN ENGLISH OVERVIEW

Existing law provides that the Secretary may, for the purpose of promoting and protecting the agricultural industry of the State, upon request, inspect plants and the premises upon or near which they are growing and the records of their sources and qualities. The Secretary may upon the basis of the information thus determined, maintain registries of the plants which are found not to be infested or infected, or liable to become infested or infected, with pests (Section 5821, Food and Agricultural Code). The Secretary may also establish and enforce regulations which are necessary to carry out the purposes of this existing program (Section 5823, Food and Agricultural Code).

The proposed amendment of Sections 3024, 3024.1, 3024.2, 3024.3 and 3024.4; and, adoption of Sections 3024.5, 3024.6, 3024.7, and 3024.8 pertaining to Registration and Certification of Grapevines will provide an updated regulatory framework for an ongoing voluntary grapevine registration and certification program. The effect of this regulation will be to clarify the specific regulatory authority the Department has pertaining to the registration and certification of grapevines as to their variety, quality, and apparent freedom from pests and diseases.
