

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture intends to amend Section 3406(b) of the regulations in Title 3 of the California Code of Regulations pertaining to the Mediterranean Fruit Fly Interior Quarantine.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department contact no later than 15 days prior to the close of the written comment period.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before June 7, 2010.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law obligates the Department of Food and Agriculture to protect the agricultural industry in California and prevent the spread of injurious pests (Food and Agricultural Code, Sections 401 and 403). Existing law also provides that the Secretary may establish, maintain, and enforce such regulations as he deems necessary to prevent the spread of pests to protect California's agricultural industry (Food and Agricultural Code, Section 5322).

This proposed amendment will remove the quarantine area for Mediterranean fruit fly in the Mira Mesa area of San Diego County (approximately 106 square miles). The effect of the amendment is to remove the authority for the State to regulate movement of hosts and possible carriers of Mediterranean fruit fly within and from this area of San Diego County. This action is necessary as the Mediterranean fruit fly has been eradicated from this area and it is no longer necessary to prevent artificial spread of the fly to noninfested areas in order to protect California's agricultural industry. There is no existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Section 3406 does not impose a mandate on local agencies or school districts, except that an agricultural commissioner of a county under quarantine has a duty to enforce it. No reimbursement is required under Section 17561 of the Government Code because there are no mandated costs associated with the removal of this area from the regulation.

The Department also has determined that the regulation will involve no costs or savings to any state agency, no nondiscretionary costs or savings to local agencies or school districts, no reimbursable costs or savings to local agencies or school districts under Part 7

(commencing with Section 17500) of Division 4 of the Government Code, and no costs or savings in federal funding to the State.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendment to the regulation would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

The Department amended Section 3406(b) pursuant to the authority vested by Sections 407, 5301, 5302 and 5322 of the Food and Agricultural Code of California.
