

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture amended subsection 3591.20(a) of the regulations in Title 3 of the California Code of Regulations pertaining to Light Brown Apple Moth Eradication Area as an emergency action that was effective on March 3, 2008. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than September 2, 2008. Notice was given and published in the California Notice Register on March 14, 2008, that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before April 28, 2008.

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture is adding additional documents to the rulemaking file as information relied upon after the initial publication of the notice of proposed action on March 14, 2008. The additional documentation relied upon is available for review June 27 through July 25, 2008, Monday through Friday, from 8:00 AM to 5:00 PM, at: Department of Food and Agriculture, Plant Health and Pest Prevention Services, 1220 N Street, Room A-305, Sacramento, California 95814. The Department is also providing with this Notice a revised "Initial Statement of Reasons/Policy Statement Overview" and the complete text of the regulation.

After July 27, 2008, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication (Food and Agricultural Code Section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (Food and Agricultural Code, Sections 401, 403, 407 and 5322). Existing law also provides that eradication regulations may proclaim any portion of the State as an eradication area and set forth the boundaries, the pest, its hosts and the methods to be used to eradicate said pest (Food and Agricultural Code Section 5761).

The amendment of subsection 3591.20(a) established Sonoma County as an eradication area for the light brown apple moth, *Epiphyas postvittana*. The effect of these actions was to establish authority for the State to conduct eradication activities in Sonoma County against this pest. There is no existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that the amendment of Section 3591.20 does not impose a mandate on local agencies or school districts and no reimbursement is required for Section 3591.20 under Section 17561 of the Government Code. The Department also has determined that no savings or increased costs to any state agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500)

of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in federal funding to the State will result from the proposed action.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed actions will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed actions will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON AFFECTED PRIVATE PERSON OR BUSINESSES

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendment of the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the actions are proposed or would be as effective and less burdensome to affected private persons than the proposed actions.

AUTHORITY

The Department proposes to amend subsections 3591.20(a) pursuant to the authority vested by Sections 407 and 5322 of the Food and Agricultural Code.

REFERENCE

The Department proposes to amend subsections 3591.20(a), to implement, interpret and make specific Sections 407, 5322, 5761, 5762 and 5763 of the Food and Agricultural Code.

EFFECT ON SMALL BUSINESS

The proposed amendment of this regulation may affect small businesses.
