

DEPARTMENT OF FOOD AND AGRICULTURE
Title 3 of the California Code of Regulations

Notice of Proposed Rulemaking

45 – Day Notice

The Department of Food and Agriculture proposes to adopt Section 3070 in the regulations in Title 3 of the California Code of Regulations pertaining to Nursery Stock Assessment.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed regulation to the Department. Comments may be submitted by mail, FAX or email. The written comment period closes at 5:00 p.m. on December 12, 2016. The Department will consider only comments received at the Department offices by that time. Submit comments to:

Sara Khalid
Department of Food and Agriculture
Plant Health and Pest Prevention Services
1220 N Street
Sacramento, CA 95814
sara.khalid@cdfa.ca.gov
916.654.1017
916.654.1018 (FAX)

Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

INFORMATIVE DIGEST/PLAIN ENGLISH OVERVIEW

Existing law establishes an annual assessment on the sales of fruit tree, nut tree, and grapevine nursery stock sold in the state. The Secretary may, upon recommendation from an industry advisory board, create exemptions from the assessment for certain species and varieties of nursery stock (Section 6981, Food and Agricultural Code).

The proposed adoption of Section 3070 pertaining to Nursery Stock Assessment will establish those species and varieties of nursery stock which are exempted from assessment by the Secretary as authorized in statute.

The Department considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only State agency which can implement this proposed regulation. As required by Government

Code Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this proposed regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

Anticipated Benefits from This Regulatory Action

The proposed regulation will exempt specific types of nursery stock from assessment and prevent additional cost for consumers of such nursery stock where the programs funded by the assessment provide no benefit.

There are no known specific benefits to the worker safety or the health or public safety of California residents.

ADOPTED TEXT

The adoption of this proposed regulation will establish those species and varieties of nursery stock which are exempted from assessment by the Secretary as authorized in statute.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies or school districts: None.

Cost or savings to any state agency: None

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Small Business Determination:

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

ASSESSMENT

The Department has made an assessment that the proposed regulation would not: 1) create or eliminate jobs within California; 2) create new business or eliminate existing businesses within California; or, 3) affect the expansion of businesses currently doing business within California.

There are no known specific benefits to worker safety or the health of California residents. The Department is not aware of any specific benefits this proposed regulation will have to the protection of public safety of California residents or worker safety. Based upon the economic analysis, the Department believes this proposed regulation benefits the general welfare of California residents (GC Section 11346.3(b)).

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the proposed regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this notice. The Department considered taking no action. If no action is taken, the species and/or varieties of nursery stock for which the exemption is proposed will require an assessment, resulting in additional cost for consumers of such nursery stock where the programs funded by the assessment provide no benefit.

AUTHORITY

The Department proposes to adopt Section 3070 pursuant to the authority vested by Sections 407 and 6981 of the Food and Agricultural Code of California.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 6981, 6982, 6983, and 6986 of the Food and Agricultural Code.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed actions, location of the rulemaking files, and request for a public hearing may be directed to is:

Sara Khalid
Department of Food and Agriculture
Plant Health and Pest Prevention Services
1220 N Street
Sacramento, CA 95814
sara.khalid@cdfa.ca.gov
916.654.1017
916.654.1018 (FAX)

In her absence, you may contact Laura Petro at (916) 654-1017. Questions regarding the substance of the proposed regulation should be directed to Sara Khalid.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet website (www.cdfa.ca.gov/cdfa/pendingregs).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department of Food and Agriculture has prepared an initial statement of reasons for the proposed action, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations amended by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of amendment. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.
