PLANTING REPORT INSTRUCTIONS

PLANTING REPORT REQUIREMENTS

Section 4935(a) in Title 3 of the California Code of Regulations (CCR) requires registrants to submit a planting report to the county agricultural commissioner within 72 hours following the completion of a planting of industrial hemp at a registered cultivation site. A separate planting report must be completed for each planting.

In addition, Section 3 CCR Section 4935(d) requires registered growers and breeders of industrial hemp to report all hemp production and any changes to where hemp will be produced to the Farm Service Agency (FSA) of the United States Department of Agriculture (USDA). Additional information on FSA reporting requirements can be found at <https://www.fsa.usda.gov/Assets/USDA-FSA-Public/usdfiles/FactSheets/2019/crop-acreage-reporting-19.pdf>.

PLANTING REPORT INSTRUCTIONS

All information provided must be complete, legible, and accurate.

Registrant Information

Registrant must complete all sections for the registrant information. Email address is optional.

Planting and Cultivar Information

Registrant must complete all sections below for the completed planting. Each planting location must be reported on a separate planting report.

- List the date when the planting was initiated as the **planting start date** and the date when the planting was completed as the **planting completion date**.
- **Physical Address** is the location address of the planted crop. Use cross streets if the planting location does not have a physical address.
- **Global Positioning System (GPS)** is approximately the center point of the planting location and in the format of decimal degrees, up to six decimals with a negative longitude (i.e., 38.574968, -121.492337 **NOT** 38⁰N and 121⁰W).
- Indicate the **total planting size** of the planted crop in acres or square feet.
- Include information to describe, locate, and identify the boundaries of the planting location in **general description of planting location**. A general description is required if the planting location does not have a physical address. Assessor's parcel numbers (APN) or operator identification number for Pesticide Use Enforcement can be provided in this section.
- List the **cultivar name**, the **estimated end of planned growing period** and the **planting size** for each cultivar that was planted. The estimated end of planned growing period can be an estimated harvest start date or date range. Indicate the planted size in acres or square feet.

ALTERNATIVE FORMATS

This report can be made available in alternative formats for visual or hearing-impaired individuals. Please contact the California Department of Food and Agriculture at (916) 654-0435 or industrialhemp@cdfa.ca.gov to request the report in an alternative format. Please allow 7-10 working days for production of the alternative format. Requests for an alternative format may be sent to the address and telephone below.

If you have any questions, please contact the County Agricultural Commissioner's office.
