# INDUSTRIAL HEMP APPLICATION FOR TESTING LABORATORY APPROVAL INSTRUCTIONS

# **REQUIREMENTS**

California Food and Agricultural Code Section 81006 and Section 4943 in Title 3 of the California Code of Regulations require testing laboratories obtain written approval from the Department to test industrial hemp for tetrahydrocannabinol (THC) concentration.

#### **APPLICATION INSTRUCTIONS**

All information provided must be complete, legible, and accurate. Any incomplete sections or illegible information may delay the processing of the approval.

### **Laboratory Information**

Applicant must complete all sections for the laboratory information.

- Laboratory Name is the laboratory that will test industrial hemp for THC concentration.
- Provide the **Physical Address** for the laboratory. The address cannot be a P.O. Box.
- Provide the **Phone Number** for the laboratory.

### **Primary Contact Information**

Applicant must complete all sections for the primary contact information including full name, phone number, and email.

### **Required Attachments**

- Copy of the ISO/IEC 17025 certificate of accreditation provided by an accreditation agency
- Copy of the ISO/IEC 17025 scope of accreditation provided by an accreditation agency
- Copy of laboratory standard operating procedures for testing hemp for THC concentration
- Copy of laboratory certificate issued by the U.S. Department of Justice Drug Enforcement Administration (if applicable)
- Copy of laboratory sample test report in accordance with 3 CCR Section 4944(b)

### **ALTERNATIVE FORMATS**

This application can be made available in alternative formats for visual or hearing-impaired individuals. Please contact the California Department of Food and Agriculture at (916) 654-0435 or <a href="mailto:industrialhemp@cdfa.ca.gov">industrialhemp@cdfa.ca.gov</a> to request the application in an alternative format. Please allow 7-10 working days for production of the alternative format. Requests for an alternative format may be sent to the address and telephone number below.
