

GOR GEVORKYAN

OBJECTIVE

To contribute my technology, policy, and community-impact expertise to the **California Fruit Tree, Nut Tree, and Grapevine Improvement Advisory Board**, bringing innovation, strong analytical skills, governance insight, and a commitment to strengthening California's agricultural resilience particularly for limited-resource growers and specialty crop industries.

EDUCATION

Pasadena City College — Pasadena, CA

Law & Political Science (In Progress)

- **4.0 GPA**
 - Coursework includes: Contract Law, Torts, Constitutional Law, Criminal Law, Administrative Governance, Public Policy
 - Goal: Prepare for law school and the California Bar Exam
-

PROFESSIONAL EXPERIENCE

Founder & CEO – Fearless Dating

Los Angeles, CA | 2023–Present

- Leading development of an AI-powered matchmaking platform combining psychology, safety systems, and automated video features.

- Secured early investment from private investors (approx. \$32,000).
 - Managing app development, subscription systems, and feature architecture.
 - Overseeing cross-functional teams (AI, engineering, UI/UX, and marketing).
-

Founder – CourtVis (Court-Ordered Visitation Technology Platform)

California | 2024–Present

- Built a statewide platform that enables parents, supervisors, attorneys, and judges to track supervised visitation through video, logs, analytics, and AI summaries.
 - Designed compliance tools intended to improve transparency in California family law cases.
 - Integrated AI chatbot “Visi” with legal routing and automated reporting.
 - Leading SEO, product development, dashboards, and provider integrations.
-

Founder – Assure Guardian (AI-Powered Insurance Solution)

Pasadena, CA | 2024–Present

- Developing an AI-driven insurance software platform to assess losses, automate claims guidance, and optimize disaster-related housing placement.
 - Managing internal developer team and partnership planning.
 - Overseen brand development, dashboards, and long-term product vision.
-

Founder – Royal Gor Studio (Photography & Videography)

Pasadena / Los Angeles | 2010–Present

- Professional photographer and videographer with a long-standing client base in weddings, corporate shoots, and commercial projects.
 - Manage production, editing, client relations, and operational workflows.
 - Responsible for business operations, bookings, and full production pipeline.
-

UN Speaker & Advisor – UNOSSC (United Nations Office for South-South Cooperation)

International | Multi-Year

- Participated in global conferences aligned with the UN 2030 Agenda.
- Spoke on sustainable development, innovation, and cross-border cooperation.
- Represented community-based and technology-driven initiatives.
- Engaged with international policymakers, delegates, and development leaders.

Advisor – Sparkwavv (Startup Talent & Career-Tech Platform)

2025

- Reviewing investor materials, business plan, pitch deck, financials, and strategic direction.
 - Providing high-level advisory to prepare the company for investment readiness and scaling.
-

Founder – Global Trade Partners LLC

Wyoming | 2025

- Supporting import/export and trade-related opportunities at the corporate level.
 - Providing strategic oversight and operational guidance.
-

PROJECTS & LEADERSHIP

SAFE NEST – Disaster Housing Platform

- Designed a platform to help displaced families (water, fire, earthquake damage) find emergency temporary housing.
- Integrated insurance compatibility, AI analysis, and real-time disaster updates.

Kalvira – Emergency Safety App

- Building a modern emergency-alert platform with video uploads to Supabase, real-time contact alerts, and a futuristic UI/UX.
- Leading product design, branding, and animation-heavy landing page development.

FocusFrames – iOS Productivity App

- Building a clean, motivational, timer-driven productivity app for iOS.
 - Leading UI/UX, feature architecture, and overall product direction.
-
