RE: Apiary Board Recommendation

Dear Secretary Ross,

The California State Beekeepers Association's (CSBA) Board of Directors would like to recommend Trevor Tauzer of Tauzer Apiaries for the current vacancy on the California Apiary Board. With over 20 years of experience in the industry, Trevor has a vast understanding of the different intricacies of the industry and his expertise would be extremely beneficial to the Apiary Board.

Trevor began as a beekeeper/field worker at a young age and grew to work as a pollination consultant, founded and developed a honey brand, and now is the CEO of Tauzer Apiaries. We believe Trevor will bring new ideas and input to the Apiary Board and appreciate his time and dedication to the industry.

CSBA continues to support the efforts of the Apiary Board and hope you consider our recommendation.

Sincerely,

Buzz Landon
CSBA President
